

# Computerwisekids

After School S.T.E.A.M. Enrichment Program/ Session 3  
Haynes Charter School

## Beginners & Intermediate Coding for Grades 1-3

Mondays:01/27/20-3/16/20 (8 classes/No class 2/17)

Cost: \$128.00

The students will use a programming language called Scratch. Scratch is a visual programming language developed by the MIT Media Lab. This easy to use and user friendly interface makes learning Scratch easy and engaging.

This class is designed to teach computational thinking using a simple but powerful building-block approach to software. The students will learn the basics like: loops, if and or statements etc. Scratch is a phenomenal language developed for young coders and it promises to build a strong coding foundation for kids. *No Prior experience required.*

## Minecraft CLUB for Grades 1-5

Thursdays:01/30/20-3/19/20 (8 Classes)

Cost: \$128.00

Kids can have fun and learn skills of strategy and team building while playing Minecraft. The Minecraft Club allows students to work on a secure server with only students attending the camp. The kids are monitored. No subscriptions

needed! If your child wants an introduction to Minecraft or you are looking for a safe, supervised way for them to enjoy the BEST game-this class is it!
